Why do you need health care coverage?

These days, a single day in the hospital can cost thousands of dollars. Not only does health coverage help you stay healthy, it also gives you added security, because you know you're protected against the high cost of unexpected medical bills.

Some definitions so we're all on the same page

Network Discounts: With Anthem Blue Cross you have access to one of the largest provider networks in the state. These network (or participating) providers have agreed to accept lower costs for their covered services to Anthem members — similar to volume discounts. These negotiated costs help reduce the overall cost of covered medical services, including your share of those costs.

This is true whether you are paying the entire cost for covered services (such as while you are meeting your deductible), or whether we are sharing the cost. With nearly 60,000 doctors and specialists and more than 350 hospitals and other facilities, chances are your provider already participates. Just visit a network provider to take advantage of the savings.

With our PPO plans, you can always choose to receive services outside the network, but your share of the cost will be greater.

Cost-Sharing: The costs of medical care today can be staggering. Health care coverage from Anthem can help protect you against these high costs. With most health care coverage, you pay a monthly premium, then you share some of the cost of covered medical care with the company that provides your health care coverage. The level of cost-sharing you choose directly impacts your premium amount. The more you are willing to share in the costs, the lower your premium. With Anthem, you can choose your level of protection and the level of cost-sharing that works best for your health care needs and budget.

Deductible is the amount you have to pay each calendar year (annually) for covered services before your health care plan starts paying. For some services, the plan will even begin to pay before the deductible is met. Usually, the higher a plan's deductible, the lower the premium. In some cases, you may also have a separate deductible for certain services such as prescription drugs.

Coinsurance is the percentage of the cost of covered services that you will be responsible for, after your annual deductible is met. With some plans, you have a choice of coinsurance levels. Much like your deductible, selecting a higher coinsurance typically lowers your monthly premium because it increases your share of the cost.

Copayment (or Copay) is a specific dollar amount you have to pay for certain covered services.

Out-Of-Pocket Maximum is the most that you would pay in a calendar year for deductible and coinsurance for network covered services. Once you reach this maximum, the plan pays at 100% for most services for the rest of the calendar year.

Lifetime Maximum is the lifetime benefit amount that will be paid under the policy for each member. This includes network and non-network covered services combined.

Prescription Drugs are medications that must be authorized for use by your doctor. Anthem offers varying levels of prescription drug coverage. Depending on the plan, you may have coverage for generic drugs or generic and brand name drugs.

Generic Drugs are prescription drugs that typically have been in use for some time and can be manufactured and distributed by numerous companies, so their cost is usually much lower. Generic drugs must, by law, contain the same active ingredients as their brand name equivalent and have the same clinical benefit.

Brand Name Drugs are prescription drugs that are manufactured and marketed under a registered name. They are usually patented and may be exclusively offered by certain manufacturers.

Specialty Drugs are typically high cost, scientifically engineered drugs used to treat complex, chronic conditions. They require special handling and usually must be shipped directly to the user.

Formulary is a list of prescription drugs our health care plans cover. They include generic, brand name, and specialty drugs that have been rigorously reviewed and selected by a committee of practicing doctors and clinical pharmacists for their quality and effectiveness. We've negotiated lower prices on these formulary drugs, so you'll save when your doctor prescribes medication from our formularies. There can be different formularies for different health care plans.

SmartSense[®] Is this the right plan for you?

SmartSense, from Anthem Blue Cross Life and Health Insurance Company, was designed to offer affordable, solid protection without a lot of bells and whistles that may not be important to you.

SmartSense Plan Highlights

SmartSense offers affordable price options, solid protection that covers essentials and even some immediate benefits before the deductible.

Features:

- First three Doctors' Office Visits with predictable copays, per plan member, each calendar year before having to meet your deductible. This includes routine wellness visits or sick care.
- Choice of two prescription drug coverage options.
- \$7 million per member in lifetime benefits.

You should know:

- After first three Doctors' Office Visits, all other visits are covered after the deductible.
- Maternity benefits are not included with this plan.

SmartSense Preventive Care

With SmartSense, annual physical exams and certain preventive screenings (routine mammogram, Pap and PSA tests) and well-child services are covered after you meet your deductible. You also have the option of going to a HealthyCheckSM Center which provides immediate coverage for annual preventive screenings. For more information about HealthyCheckSM, go to anthem.com/healthycheck.

Prescription Drug Coverage

The cost of prescription drugs can be overwhelming, so SmartSense includes prescription drug coverage to help you manage those costs.

SmartSense prescription drug coverage includes the following tiers which represent a cost level within the generic and brand name prescription drug categories.

- **Drug Formulary:** This is a special list of prescription drugs the SmartSense plan covers. We've negotiated lower prices on these formulary drugs, so you'll save when your doctor prescribes from the Plan Formulary.
- **Tier 1:** These drugs have the lowest copay and include generic medications.
- **Tier 2:** These drugs have a higher copay than those in Tier 1 and include formulary brand name medications.
- **Tier 3:** These drugs have a higher copay than those in Tier 2 and include non-formulary brand name medications.
- **Specialty:** These are typically high-cost, scientifically engineered drugs and are paid at a coinsurance level instead of copay.

How to Customize your SmartSense Plan

With SmartSense, you have some choice and flexibility to change the plan to better meet your needs. SmartSense offers a choice of:

Deductible: SmartSense plan deductibles range from \$500 to \$5,000. You can usually lower your premium by choosing a higher deductible. Simply choose the deductible and premium combination that works best for you.

Upgrade Drug Coverage: By choosing the Upgrade Drug Coverage option (for an additional cost) you can lower your prescription drug deductible to \$500, instead of the \$7,500 prescription drug deductible (for Tier 2, 3 and Specialty) included in the plan.

Other Optional Coverage: You can add more protection for you and your family by purchasing optional dental or life insurance. See the following pages for details.

This is because network dentists have agreed to accept our negotiated rates for services they provide to you. But, with more than 18,000 California dentists in our Dental Blue 100 network, it's likely your dentist is part of our network!

Plus, network dentists have agreed to pass along our negotiated rates to you during waiting periods, if you exceed your annual maximum benefit – and even for certain non-covered services such as veneers, dental implants and TMJ!

If you apply for coverage within 63 days of terminating your membership with another "creditable" health care plan, then you can use your prior coverage for credit toward the six-month waiting period. Anthem will credit the time you were enrolled on the previous plan.
