Section 1: Introduction to the Summary of Benefits for SmartValue Plus

January 1, 2009 – December 31, 2009

Thank you for your interest in SmartValue. Our plan is offered by Anthem Insurance Companies, Inc., a Medicare Advantage Private Fee-for-Service organization.

This Summary of Benefits tells you some features of our plan. It doesn't list every service that we cover or list every limitation or exclusion. To get a complete list of our benefits, please call SmartValue and ask for the "Evidence of Coverage."

You Have Choices in Your Health Care

As a Medicare beneficiary, you can choose from different Medicare options. One option is the Original (fee-for-service) Medicare plan. Another option is a Medicare Advantage Private Fee-for-Service plan, like SmartValue. You may have other options too. You make the choice. No matter what you decide, you are still in the Medicare program.

You may join or leave a plan only at certain times. Please call SmartValue at the number listed at the end of this introduction or 1-800-MEDICARE (1-800-633-4227) for more information. TTY users should call 1-877-486-2048. You can call this number 24 hours a day, 7 days a week.

How Can I Compare My Options?

You can compare SmartValue and the Original Medicare Plan using this Summary of Benefits. The charts in this booklet list some important health benefits. For each benefit, you can see what our plan covers and what the Original Medicare Plan covers.

Our members receive all of the benefits that the Original Medicare Plan offers. We also offer more benefits, which may change from year to year.

Who Is Eligible to Join SmartValue?

You can join SmartValue if you are entitled to Medicare Part A and enrolled in Medicare Part B and live in the service area. However, individuals with end-stage renal disease are generally not eligible to enroll in SmartValue unless they are members of our organization and have been since their dialysis began.

Can I Choose My Doctors?

A Medicare Advantage Private Fee-for-Service plan works differently than a Medicare supplement plan. Your doctor or hospital is not required to agree to accept the plan's terms and conditions, and thus may choose not to treat you, with the exception of emergencies. If your doctor or hospital does not agree to accept our payment terms and conditions, they may choose not to provide healthcare services to you, except in emergencies.

Does My Plan Cover Medicare Part B or Part D Drugs?

SmartValue does cover both Medicare Part B prescription drugs and Medicare Part D prescription drugs.

Where Can I Get My Prescriptions If I Join This Plan?

SmartValue has formed a network of pharmacies. You must use a network pharmacy to receive plan benefits. We may not pay for your prescriptions if you use an out-of-network pharmacy, except in certain cases.

The pharmacies in our network can change at any time. You can ask for a pharmacy directory or visit us at www.anthem.com/medicare. Our

customer service number is listed at the end of this introduction.

SmartValue has a list of preferred pharmacies. At these pharmacies, you may get your drugs at a lower copay or coinsurance. You may go to a non-preferred pharmacy, but you may have to pay more for your prescription drugs.

What Is a Prescription Drug Formulary?

SmartValue uses a formulary. A formulary is a list of drugs covered by your plan to meet patient needs. We may periodically add, remove, or make changes to coverage limitations on certain drugs or change how much you pay for a drug. If we make any formulary change that limits our members' ability to fill their prescriptions, we will notify the affected enrollees before the change is made. We will send a formulary to you, and you can see our complete formulary on our website at www.anthem.com/medicare.

If you are currently taking a drug that is not on our formulary or subject to additional requirements or limits, you may be able to get a temporary supply of the drug. You can contact us to request an exception or switch to an alternative drug listed on our formulary with your physician's help. Call us to see if you can get a temporary supply of the drug or for more details about our drug transition policy.

How Can I Get Extra Help With Prescription Drug Plan Costs?

If you qualify for extra help with your Medicare prescription drug plan costs, your premium and costs at the pharmacy will be lower. When you join SmartValue, Medicare will tell us how much extra help you are getting. Then we will let you know the amount you will pay. If you are not getting this extra help, you can see if you qualify by calling **1-800-MEDICARE (1-800-633-4227)**. TTY users should call 1-877-486-2048. You can call this number 24 hours a day, 7 days a week.

What Are My Protections in This Plan?

All Medicare Advantage plans agree to stay in the program for a full year at a time. Each year, the plans decide whether to continue for another year. Even if a Medicare Advantage plan leaves the program, you will not lose Medicare coverage. If a plan decides not to continue, it must send you a letter at least 90 days before your coverage will end. The letter will explain your options for Medicare coverage in your area.

As a member of SmartValue, you have the right to request a coverage determination, which includes the right to request an exception, the right to file an appeal if we deny coverage for a prescription drug, and the right to file a grievance. You have the right to request a coverage determination if you want us to cover a Part D drug that you believe should be covered. An exception is a type of coverage determination.

You may ask us for an exception if you believe you need a drug that is not on our list of covered drugs or believe you should get a non-preferred drug at a lower out-of-pocket cost. You can also ask for an exception to cost utilization rules, such as a limit on the quantity of a drug. If you think you need an exception, you should contact us before you try to fill your prescription at a pharmacy.

Your doctor must provide a statement to support your exception request. If we deny coverage for your prescription drug(s), you have the right to appeal and ask us to review our decision. Finally, you have the right to file a grievance if you have any type of problem with us or one of our network pharmacies that does not involve coverage for a prescription drug.

What Is a Medication Therapy Management (MTM) Program?

A Medication Therapy Management (MTM) program is a free service we may offer. You may be invited to participate in a program designed for

your specific health and pharmacy needs. You may decide not to participate, but it is recommended that you take full advantage of this covered service if you are selected. Contact SmartValue for more details.

What Types of Drugs May Be Covered Under Medicare Part B?

Some outpatient prescription drugs may be covered under Medicare Part B. These may include, but are not limited to, the following types of drugs. Contact SmartValue for more details.

- **Some Antigens:** If they are prepared by a doctor and administered by a properly instructed person (who could be the patient) under doctor supervision.

- **Oral Anti-Nausea Drugs:** If you are part of an anti-cancer chemotherapeutic regimen. Inhalation and infusion drugs provided through DME.
