#### Disclaimer

These policies serve as a guide to assist you in accurate claims submissions and to outline the basis for reimbursement if the service is covered by a member’s Anthem Blue Cross and Blue Shield (Anthem) benefit plan. The determination that a service, procedure, item, etc., is covered under a member’s benefit plan is not a determination that you will be reimbursed. Services must meet authorization and medical necessity guidelines appropriate to the procedure and diagnosis as well as to the member’s state of residence. You must follow proper billing and submission guidelines. You are required to use industry standard, compliant codes on all claim submissions. Services should be billed with Current Procedure Terminology (CPT) codes, Healthcare Common Procedure Coding System (HCPCS) codes and/or Revenue codes. The codes denote the services and/or procedures performed. The billed code(s) are required to be fully supported in the medical record and/or office notes. Unless otherwise noted within the policy, our policies apply to both participating and non-participating providers and facilities. This reimbursement policy also applies to Employer Group Retiree Medicare Advantage programs.

If appropriate coding/billing guidelines or current reimbursement policies are not followed, Anthem may:

- Reject or deny the claim
- Recover and/or recoup claim payment

These policies may be superseded by provider or state contract language, or state, federal requirements or mandates. We strive to minimize delays in policy implementation. If there is a delay, we reserve the right to recoup and/or recover claims payment to the effective date, in accordance with the policy. Anthem reserves the right to review and revise these policies periodically when necessary. When there is an update, we will publish the most current policy to the website.

#### Policy

The Health Plan reimburses for telehealth services when interactive services occur between the patient and the remote provider. Reimbursement for the rendering provider is based on:

- services provided through a telehealth program with a secure and private data connection
- telehealth services mandated by state or federal law
- reporting place of service “02” to indicate “distant site”
- the appropriate telehealth specific CPT/HCPCS code or applicable telehealth modifier

A provider rendering in-person services at the patient’s location should report:

- the appropriate code for the in-person services
- reporting appropriate place of service to indicate the originating site

The following services are not eligible for reimbursement as telehealth services:

- in person services not rendered in an office or facility setting
- non-direct patient services
- services rendered by audio-only telephone communication, facsimile, e-mail, instant messaging, or other electronic communication
services rendered as a telehealth service that are not eligible for reimbursement when rendered to the patient in-person

03/10/2008 Initial policy approval and effective date

References and Research Materials

This policy has been developed through consideration of the following:

- Healthcare Common Procedure Coding System (HCPCS Level II)
- CMS (42 CFR 410.78)

Definitions

Store and Forward
The transmission of a member’s medical information from an originating site to the physician or practitioner at the distant site. The physician or practitioner at the distant site can review the medical case without the member being present.

Telehealth services
The use of interactive telecommunications equipment that includes, at a minimum, audio and video equipment permitting two-way, real time interactive communication between the patient, and the physician or practitioner at the distant site. Telemedicine is viewed as a cost-effective alternative to the more traditional face-to-face way of providing medical care (e.g., face-to-face consultations or examinations between provider and patient) that states may choose to cover.

General Reimbursement Policy Definitions

Use of Reimbursement Policy

This policy is subject to federal and state laws, to the extent applicable, as well as the terms, conditions, and limitations of a member’s benefits on the date of service. Reimbursement Policy is constantly evolving and we reserve the right to review and update these policies periodically.
